Do you know that most adults eat 8 oz. of vegetables and a child normally eats 4 oz. of vegetables?

If you fill an entire box with 16 oz. cans of Pork & Beans, you will be able to provide servings for 500 adults?

If you fill an entire box with 16 oz. cans of Pork & Beans, you will be able to provide servings for 1000 children?

It is amazing how just a little can help feed so many who would not normally have food to eat. I bet you did not know that just one 16.oz. can of food can feed 2 people and one can will feed 4 children.

Thank You for going the extra mile to help fight hunger.
